Immunization Requirements

The Charter School provides educational services to the children enrolled at the School. Attendance at the Charter School may be denied to any child who does not provide an immunization record to the School regarding the child’s immunity to certain childhood diseases. Immunity requirements are met if the child has received or is in the process of receiving immunization as specified by the Board of Health and Welfare or has previously contracted the disease. The parent or legal guardian of the child must comply with the immunization requirements at the time of admission and before attendance for the child.

Summary of Immunization Requirements			
Immunization Requirement	Child born after September 1, 2005	Child born after September 1, 1999 through September 1, 2005	
Measles, Mumps, and Rubella (MMR)	2 doses	2 doses	
Diphtheria, Tetanus, Pertussis	5 doses	5 doses	
Polio	4 doses	3 doses	
Hepatitis B	3 doses	3 doses	
Hepatitis A	2 doses	0 doses	
Varicella	2 doses	0 doses	

Summary of Seventh Grade Immunization Requirements		
Immunization Requirement		Number of Doses
Diphtheria, Tetanus, Pertussis		1 dose
Meningococcal		1 dose

Summary of Twelfth Grade Immunization Requirements		
Immunization Requirement	Child admitted to 12th grade during 2020-2021 school year and each year thereafter, if student received their first dose of Meningococcal vaccine at 16 years of age or older, or if student has never received a dose.	Child admitted to the 12th grade during 2020-2021 school year and each year thereafter, if student received their first dose of Meningococcal vaccine before the age of 16
Meningococcal	1 dose	2 doses

Immunization Certification

The immunization record must be signed by a physician, physician’s representative, or another licensed health care professional, including an osteopath, nurse practitioner, physician’s assistant, licensed professional nurse, registered nurse, and pharmacist, stating the type, number, and dates of the immunizations received.

Intended Immunization Schedule

The schedule of intended immunizations statement must be provided by the parent/legal guardian of a child who is in the process of receiving or has been scheduled to receive the required immunizations. A form is provided by the Department of Health and Welfare. A similar form may be used provided it includes the following information:

1. Name and date of birth of child;
2. School and grade child is enrolling in and attending;
3. Types, numbers, and dates of immunizations to be administered;
4. Signature of the parent/legal guardian or custodian; and
5. Signature of a licensed health care professional providing care to the child.

Children admitted to the School and failing to continue the schedule of intended immunizations will be excluded from School until documentation of administration of the required immunizations is provided by the child’s parent/legal guardian or custodian.

Exemptions

1. Any child who submits a certificate signed by a physician licensed by the State Board of Medicine stating the physical condition of the child is such that all or any of the required immunizations would endanger the life or health of the child is exempt from the immunization requirements;
2. Any minor child whose parent or guardian submits a signed statement to School officials stating their objections on religious or other grounds is exempt from the immunization requirements. The parent/guardian can use a form provided by the Charter School or submit a written, signed statement that the School will attach to the form; and
3. A child who has laboratory proof of immunity to any of the childhood diseases listed above will not be required to be immunized for that disease; and
4. A child who has had varicella (chickenpox) diagnosed by a licensed physician upon personal examination will not be required to be immunized for the disease provided they submit a signed statement from the diagnosing physician.

A child exempted under one of the above requirements may be excluded by the Charter School in the event of a disease outbreak.

Communication of Immunization Requirements and Exemptions

In accordance with Idaho law, all communication to parents/guardians regarding immunization requirements shall also describe the exemptions and make reference to 39-4802, Idaho Code. For purposes of this section, 'communication' includes letters, phone calls, registration packets, etc.

Reporting

The Charter School shall submit a report of the School's immunization status to the State Department of Education on or before the first day of November of each year. The report shall include:

1. Inclusive dates of the reporting period;
2. Name and address of the Charter School, and county;
3. Grade being reported and total number of children enrolled in the grade;
4. Name and title of the person completing the report form;

5. Number of children who meet all of the required immunizations listed in the tables above;
6. Number of children who do not meet all of the required immunizations listed in the tables above, but are in the process of receiving the required immunizations; and
7. Number of children who claimed exemption to the required immunizations listed in the tables above.
